

IMPORTANT PRODUCT & SAFETY INSTRUCTIONS

ENG

This document contains important safety and regulatory information that must be read before using the product.

Important Product & Safety Information

By using this product, you acknowledge and agree to follow all product instructions, safety warnings, privacy policies, and documentation referenced in this manual.

General Safety Warnings

WARNING Failure to properly set up, use, and maintain this product can increase the risk of serious injury, death, property damage, or damage to the product or accessories. Always be aware of your surroundings when using SIONYX products.

1. Product shall be used in accordance with all manufacturing instruction and limits.
2. Read all provided documentation, and keep it for future reference.
3. Follow all instructions and heed all warnings.
4. Properly install, use, and maintain all cables as per specifications.
5. Only use attachments and accessories specified and/or approved by SIONYX.
6. SIONYX Nightwave is designed to be serviced only by qualified service personal.

Electrical Safety Warnings

WARNING Failure to take the following precautions can result in serious injury or death from electric shock, fire, or damage to your camera or accessories:

1. Do not drop, crush, bend, puncture, disassemble, shred, incinerate, or paint the camera or accessories.
2. Do not insert foreign objects into any openings.
3. Do not use the camera if damaged.
4. Do not dry with external heat sources.
5. Keep away from open flame sources.
6. Handle broken lens glass with care.
7. Keep out of reach of children.

Environmental Notices

NOTE Extreme low or high temperatures may affect camera performance. For example, if the device is covered in ice, or if internal high temperature limits are exceeded, functionality may be limited. Abide by local laws, including privacy regulations and maritime safety rules when using this product.

Environmental Electromagnetic Notice

CAUTION This product may emit radio frequency energy that can interfere with marine radio or navigation equipment. Ensure proper installation and separation distance from such devices. Power off the camera when operation is restricted or when interference may occur.

Compass Safe Distance

SIONYX Nightwave Digital devices may affect compass readings due to electromagnetic interference. Maintain the minimum safe distance from your compass as specified in the installation manual.

FCC & IC Compliance Statements

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter. End users must follow the specific operating instructions to satisfy RF exposure compliance.

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference; and (2) This device must accept any interference received, including interference that may cause undesired operation.

Class B Digital Device Notice

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

IC REGULATIONS (Canada)

This device complies with Innovation, Science and Economic Development Canada's license exempt RSS standards. Operation is subject to the following two conditions: (1) This device may not cause interference; and (2) This device must accept any interference, including interference that may cause undesired operation. This Class B digital apparatus complies with Canadian ICES-003.

Déclaration d'exposition aux RF – Canada

L'équipement est conforme aux limites d'exposition aux RF établies pour un environnement non contrôlé. L'antenne utilisée pour ce transmetteur ne doit pas être située au même endroit qu'une autre antenne ou utilisée en conjonction avec une autre antenne ou transmetteur.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'ISDE Canada applicables. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L'appareil ne doit pas produire de brouillage, et
- (2) L'appareil doit accepter tout brouillage, y compris celui pouvant nuire à son fonctionnement.
